Independent Services Corporation Joins Family Home Care

We are pleased to announce that Independent Services Corporation [ISC] has joined Family Home Care [FHC], a major provider of in-home private care to hundreds of families in the Inland Empire. Independent Services Corporation has been a provider of in-home care services to families in the area since 1993 and has been locally owned and operated by Mary Hanna. The transaction will be effective August 1, 2015.

The combined organizations will employ over 325 and serve over 500 families throughout the inland northwest each year making FHC one of the largest in-home care services providers in the Northwest. The combining of forces will allow Family Home Care to meet the needs of all individuals who require care in the inland northwest, including those who qualify for Medicaid and other state funded programs.

“ISC has a great reputation for providing excellent care and has a long history of being a local company. We are pleased to keep the company locally owned and operated and continue the amazing legacy that its owner, Mary Hanna, has developed.” Explains Jeff Wiberg, president of Family Home Care.

Consistent with the commitment to the community, all ISC staff have been offered continued employment with FHC, and all current clients of ISC have been informed of the change in ownership and have been invited to continue services without interruption. FHC will move its Spokane operations from Liberty Lake to the ISC building, located at 1716 North Union Road in Spokane Valley.

About Family Home Care

Family Home Care provides personal in-home care to its clients on an hourly basis. Family Home Care, established in 1966, is headquartered in Liberty Lake, WA and serves hundreds of clients in Spokane, Whitman and Asotin counties in Washington, and Kootenai, Latah, Nez Perce counties in Idaho. With over 300 employees, Family Home Care is recognized as one of the top employers in Washington State and consistently exceeds industry standards and benchmarks in its performance.

Our Mission: *“As the foremost provider of exceptional in-home care, we excel at earning the trust of families in our communities. Family Home Care is the choice of professional employees, and together our calling is to provide compassionate care.”*
