

Android: How to Download Paylocity's Mobile App

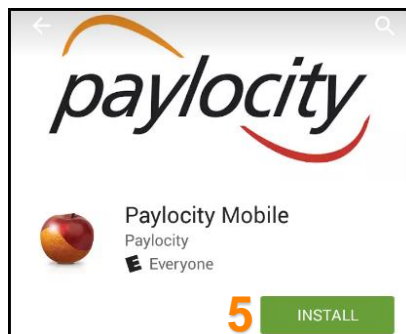

Provides step-by-step instructions for Paylocity users to download Paylocity's Mobile Application (App) to their mobile devices with Android's operating system.

Download Paylocity's Mobile App

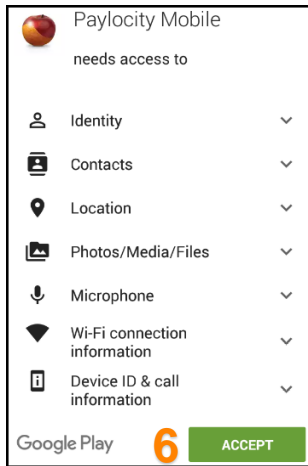

1. Open a live session on your mobile device.
2. Paylocity's Mobile App can be downloaded by visiting [Google Play](#).
3. Tap into the Search field and enter Paylocity.
4. Tap Paylocity Mobile in the results section once it appears.

5. Tap **Install** to initiate the downloading process.

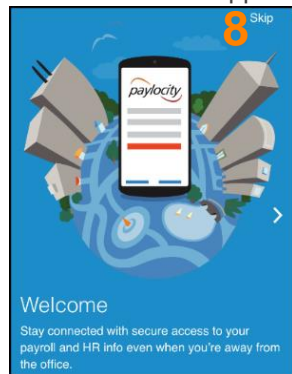

6. Tap **Accept** to start the download and allow the app to gain access to the listed items. Tap each topic for more information.

7. Tap **Open** to be directed to the app.

8. View some of the app's essential features by swiping to the left or tap **Skip** to move to the Login page.

Smart Tip

If you viewed each of the essential feature pages, tap **Get Started** on the final page to be directed to the Login page.

9. Once getting to the login page, enter your Web Pay credentials and tap **Login**.
 - If a user account has not been registered via [Web Pay's full site](#), tap **Register Account** to set up your user account. Reference the [How to Register and Login Using Mobile](#) guide for assistance.
